A new sports and entertainment complex FunPark Bobrov Log commissioned in Krasnoyarsk

A unique all-season family recreation facility FunPark Bobrov Log was commissioned in Krasnoyarsk. The citizens and the visitors will have the opportunity to enjoy the mountain skiing, different types winter sport activities for children and parents and lots of attractions for young people. The facility was designed and built in accordance with state-of-the-art European technologies to become Russia's first sports park that meets international standards.

Governor of Krasnoyarsk Territory Alexander Khloponin initiated the construction of Bobrov Log sports facility and MMC Norilsk Nickel became the major investor in the project.

«Initially this seemed to be a crazy project but Norilsk Nickel is always ready to respond to strong challenges. The result is not merely a perfect mountain skiing resort but an all-season park», - General Director of MMC Norilsk Nickel Mikhail Prokhorov said at the opening ceremony.

Bobrov Log offers professional equipment for mountain skiing and active open-air recreation from the world's leading suppliers. The FunPark offers its visitors the following venues:

- 15 mountain skiing tracks of different levels of difficulty ranging in length from 400 to 1800 meters,
- 2 retracting lines to take guests up the hill in five minutes,
- rental services capable of servicing more than 1,000 people a day with equipment from three major vendors,
- extreme rides that are unique for Russia including Ziprider (rope flights over the facility at the speed of up to 100 km/h),
- Rodelban (rail sleigh sliding along the mountains swinging 300 m up and down and turning sharply at 70 km/h),
- instruction services operating under basic standards of Austrian skiing schools,
- 2 restaurants, 5 bars, night club,
- parking area for 500 cars and 500 additional parking lots.

Moscow-based SKI-Service-Engineering LLC was selected as chief designer of the facility and Avenir K LLC of Krasnoyarsk acted as general contractor for the project.

After the second phase of the project is commissioned, all-season components including summer children's facilities shall begin operation to include an artificial skating rink, an amusement park and a beach area.

All of these opportunities render FunPark Bobrov Log an excellent place for family recreation any season. The location of the facility and prices are at the competitive level compared to other resorts in Siberia and provide better availability of the sports and entertainment FunPark for visitors.

At the time when the construction of Bobrov Log began Krasnoyarsk City Hall adopted a resolution naming it a project of municipal importance. In addition to primary sports components the project features elements of city infrastructure. Regional administration provided budget funds to build a power substation to remove the long-persistent problem of power shortage in the basin of Bazaikha River. Other improvements included construction of a new a new bridge over the river, expansion of

M-54 federal highway and construction of a new autoroad. Krasnoyarsk authorities completed laying water supply and drain system commissioned to the benefit of both Bobrov Log and the entire area adjacent to the territory of the FunPark.

Bobrov Log is a new contributor to the city and regional budgets and a large employer that introduced 350 new workplaces.
